

# Health and Safety Policy

Thiess is committed to keep Everyone Safe Everyday

## Our promise:

- ✓ *Passion for people – their safety and well-being – across our sites, communities*
- ✓ *Speak up for health and safety*
- ✓ *Actively participate and receive feedback on health and safety issues*
- ✓ *Communicate and collaborate with our clients, sub-contractors and suppliers*

### We each lead

- » Drive a safe culture. Demonstrate positive behaviours aligned with our One HSE Culture
- » Comply with relevant legislation and mandatory requirements
- » Identify opportunities to improve our capacity to achieve successful outcomes
- » Clearly define health and safety responsibilities
- » Open, transparent consultation and decision making
- » Share and implement learnings
- » Recognise and celebrate safe, successful outcomes
- » Be open and honest in the reporting and investigation of events
- » Recognise and reward innovative improvements from our people

### Industry leading health and safety systems

- » Use best practice systems – identify trends, proactively manage
- » Implement a systematic, risk-based audit schedule
- » Train and educate our people
- » Embed risk management practices into daily work programs

### Continual improvement

- » Raise the bar. Set challenging objectives and targets
- » Test effectiveness, drive performance – regular reviews and evaluations
- » Drive and measure performance with lead and lag indicators
- » Regularly benchmark our health and safety performance
- » Openly report all work related events and hazards
- » Execute thorough, timely investigation of events and close out of actions
- » Apply innovative, efficient solutions
