18. If your organisation has introduced any outstanding initiatives that have resulted in improved gender equality in your workplace, please tell us about them.

(As with all questions in this questionnaire, information you provide here will appear in your public report.)

As part of the D&I Strategic Plan, UGL is focused on supporting gender equality and increased female representation in Senior Leadership roles across all Divisions. The introduction of an Emerging Females Program is a crucial initiative to enable this outcome in conjunction with the implementation of specific individual development plans. Over 2016/17, UGL placed 12 high potential female leaders within the organisation on the Emerging Female Leaders program called 'Xplore for Success'. This program was a great success with both the participants and their leaders seeing a difference in their leadership and confidence as a

direct result of this program. Also, a new CIMIC groupwide network, WINTR (Women in non-traditional roles), was launched as an initiative dedicated to connecting and networking high performing women and role models in the sector. UGL is passionate about working toward removing any barriers to female career progression, assisting women in pursuing leadership goals, increasing the gender workforce balance and achieving equality in gender pay. Furthermore, there has been a groupwide extraordinary gender pay equality review. As part of tackling bias head on, an Unconscious Bias training program is delivered to senior managers and cross-divisional UGL staff. This program is delivered in addition to EEO which is a fundamental training requirement.
